14. OTHER INFORMATION

The Material Safety Data Sheet (MSDS) is a detailed description information bulletin prepared by the manufacturer or importer of a chemical that details the physical and chemical properties, physical and health hazards, routes of exposure, precautions for safe handling and use, emergency and first-aid procedures, and control measures. Information on an MSDS aids in the selection of safe products and helps prepare employers and employees to

respond effectively to daily exposure situations as well as to emergency situations. We believe this information to be reliable and up-to-date as of the date of publication, but make no warranty that it is.

Additionally, if this Material Safety Data Sheet is more than three years old, Please contact the to make certain that this sheet is current.
